

PERMATUBE™ Plastic Radiator Overflow Tube Repair Kit

Broken to Fixed in 5 Minutes

Our Drill Mill removes the broken tube and creates a seat for a new tube.

Thread outer overflow tube onto replacement tube and tighten.

Insert the flanged inner overflow tube and place the O-ring over it.

- COSTS LESS THAN RADIATOR R&R
- NO RADIATOR OR COOLANT REMOVAL
- FITS MOST VEHICLES
- FACTORY APPEARANCE AND PERFORMANCE
- REFILL PACKS AVAILABLE FOR ALL KITS.
