

AIRSEPT CARPET CLEANER USE INSTRUCTIONS

Use in Car, Boat, RV, or Home.

SAFETY INSTRUCTIONS. CAUTION: **Keep out of reach of children.** Do not taste or swallow. Avoid breathing vapor, and contact with eyes, skin, and clothing. Wear safety goggles and gloves. Keep container closed. Use with adequate ventilation. Wash thoroughly after handling.

FIRST AID INSTRUCTIONS:-**In case of eye or skin contact**, immediately flush eyes with plenty of water for at least 15 minutes, and wash skin with soap and water. Remove contaminated clothing and shoes. Seek medical assistance when in doubt. Wash clothing and shoes before reuse. **If inhaled**, seek fresh air. Seek medical assistance when in doubt. **If swallowed**, do NOT induce vomiting unless directed to do so by medical personnel. Seek medical assistance when in doubt.

Storage/Handling- Store in a cool, dry area away from heat sources. Do not allow product to freeze.

AirSept Carpet Cleaner is a low-moisture carpet extraction based on a proprietary surfactant mix that dries into crystallized particles that encapsulate soil. After drying, the crystals are removed by dry vacuuming. The carpet is cleaned without over-wetting and surfactant build-up, thus discouraging re-soiling. **Contains Intercept®** - a patented antimicrobial preservative designed to protect the product from mold, mildew and fungal growth.

Directions for Use

1. Hold spray nozzle 12 to 18 inches from the carpet and apply AirSept Carpet Cleaner to the entire area.
2. Wet the entire area to be treated, but do not saturate. Coverage runs approximately 750 sq. feet per gallon of mixture, but will vary according to yarn weight and degree of soiling.
3. Work AirSept Carpet Cleaner into the carpet using a brush and allow time (1/2 - 1 hour) for drying.
4. Use a dry vacuum to remove the crystals and encapsulated soil.
